Test case

Watching

### Description

Edit

#### **Preconditions:**

- Jenkins is running and user is logged in
- User is on the main page

#### **Steps:**

- Scroll the page to the Footer and verify that REST API link in the lower right corner on the page
- Click on the link leading to the page with REST API information
- Verify that page with REST API information opened

#### **Expected results:**

REST API link visible and the page with REST API information opens
